Human Resources Manager
TechNova Digital Solutions

Subject: Application for UI/UX Designer Position

Dear Hiring Manager,

I am writing to express my interest in applying for the UI/UX Designer position at TechNova Digital Solutions. My name is Zafira Ramadhani Putri Aditya, and I am an Informatics student at Universitas Ahmad Dahlan, Faculty of Industrial Technology.

I have a strong interest in website design, particularly in creating attractive, functional, and user-friendly interfaces. I have experience working with HTML, CSS, and JavaScript, as well as designing website layouts and visual elements.

During my internship at The Moments, I worked as a Web UI/UX Designer. My responsibilities included designing website interfaces, arranging layouts, selecting colors and typography, and ensuring that the website was visually appealing and easy to navigate. One of my main projects was developing a flower shop catalog website that featured product catalogs, store location information, online ordering, and a wishlist feature. Through this project, I improved my design skills, attention to detail, and understanding of user experience.

I believe my academic background, technical skills, and practical experience make me a suitable candidate for this position. I am motivated to contribute creative ideas and develop digital products that provide a positive user experience.

I would welcome the opportunity to discuss my qualifications further. Thank you for your time and consideration. I look forward to hearing from you.

Sincerely,

Zafira Ramadhani Putri Aditya
